Fiscal year-to-date revenue was \$1,772,865 (\$803,980 in Commercial Modular revenue and \$178,870 in Residential Roof Deck revenue).

Sales volume of shipments of Blazeguard products for the month ending February 2010 increased 42% at 414,912 sq. ft. in comparison to 291,168 sq. ft. that was shipped during the same period one year ago. Shipments into the Commercial Modular Market were 339,456 sq. ft. Residential Roof Deck Market shipments were 73,920 sq. ft., and shipments into the Structural Insulated Panel market were 1,536 sq. ft. Fiscal year-to-date (Jul 09-Feb 10), sales volume of shipments of Blazeguard products was 2,985,900 sq. ft. This represents shipments of 2,497,200 sq. ft. into the Commercial Modular Market, 484,900 sq. ft. was shipped into the Residential Roof Deck Market, and 3,800 sq. ft. into the Structural Insulated Panel Market.

### **About International Barrier Technology Inc.**

International Barrier Technology Inc. (OTCBB: IBTGF; TSXV: IBH) develops, manufactures, and markets proprietary fire-resistant building materials branded as Blazeguard®. Barrier's award-winning Blazeguard® wood panels use a patented, non-toxic, non-combustible coating with an extraordinary capability: it releases water in the heat of fire. The panels exceed "model" building code requirements in every targeted fire test and application, and are unique in combining properties that increase panel strength and minimize environmental and human impact. Blazeguard® provides Barrier's customers a premium material choice meeting an increasingly challenging combination of requirements in residential and commercial building construction. Blazeguard® customers include many of the top multifamily homebuilders, and commercial modular building manufacturers in the United States.
