## January 2010 Monthly Sales Revenue and Sales Volumes

**February 19, 2010** - International Barrier Technology Inc. ("Barrier") (IBTGF: OTCBB; IBH: TSXV), a manufacturer of proprietary fire-resistant building materials is releasing sales revenue and sales volume results for the month ending January 31, 2010. Overall revenue generated for the month of January 2010 was \$181,721 vs. \$354,802 generated during the same month in 2009. Revenue into the Commercial Modular Market was \$94,975 (vs. \$114,063), while revenue into the Residential Roof Deck Market was \$7,857 in comparison to \$78,422. Fiscal year-to-date revenue was \$1,554,065 (\$702,471 in Commercial Modular revenue and \$166,522 in Residential Roof Deck revenue).

Sales volume of shipments of Blazeguard products for the month ending January 2010 was 325,248 sq. ft. in comparison to 511,840 sq. ft. that was shipped during the same period one year ago. Shipments into the Commercial Modular Market were 307,584 sq. ft. Residential Roof Deck Market shipments were 15,360 sq. ft., and shipments into the Structural Insulated Panel market were 2,304 sq. ft. Fiscal year-to-date (Jul 09-Jan 10), sales volume of shipments of Blazeguard products was 2,570,900 sq. ft. This represents shipments of 2,157,596 sq. ft. into the Commercial Modular Market, 411,000 sq. ft. was shipped into the Residential Roof Deck Market, and 2,304 sq. ft. into the Structural Insulated Panel Market.

On January 19, 2010, Barrier announced a new supply agreement to manufacture (at the existing manufacturing location in Watkins, MN) a private label fire-rated OSB sheathing product for LP® Building Products trademarked as LP® FlameBlock™ Fire-Rated OSB Sheathing. "We are excited to join LP in this endeavour and look forward to prosperous growth by combining our technology with LP's OSB sheathing, experienced sales force and comprehensive distribution channels," states Barrier President & CEO Dr. Michael Huddy.

### **About International Barrier Technology Inc.**

International Barrier Technology Inc. (OTCBB: IBTGF; TSXV: IBH) develops, manufactures, and markets proprietary fire-resistant building materials branded as Blazeguard®. Barrier's award-winning Blazeguard® wood panels use a patented, non-toxic, non-combustible coating with an extraordinary capability: it releases water in the heat of fire. The panels exceed "model" building code requirements in every targeted fire test and application, and are unique in combining properties that increase panel strength and minimize environmental and human impact. Blazeguard® provides Barrier's customers a premium material choice meeting an increasingly challenging combination of requirements in residential and commercial building construction. Blazeguard® customers include many of the top multifamily homebuilders, and commercial modular building manufacturers in the United States.
