

Warranted Performance

- 1. Fire:** Blazeguard® panels exceed the 30-minute Class A flame spread rating as required by most building codes.
- 2. Strength:** Blazeguard strength is equal to the panel selected as the substrate. The fire retardant shield does not reduce panel strength.
- 3. Corrosion:** Blazeguard will not promote corrosion of common metals.
- 4. Permeability:** Blazeguard's breathable fire shield will not promote rot by trapping moisture in the wood.
- 5. Durability:** Blazeguard has more impact resistance than uncovered wood. Under normal construction and application conditions, the Blazeguard fire shield will last at least as long as the wood components in the roof or wall structure.

Exceptions to Coverage

This warranty covers only the performance of the fire shield applied to plywood or oriented strand board (OSB) substrates and does not cover:

- 1.** Panels that have not been used in accordance with the handling and installation instructions referenced in the product literature.
- 2.** Panels used in applications other than structural roof decks or walls.
- 3.** Panels that fail or deteriorate from causes other than the fire shield laminate.

Duration of Coverage

This warranty lasts for the life of the original roof deck built with the product with respect to performance described above related to fire, strength, corrosion, permeability and durability of the coating.

Warranty Coverage

Warranty applies only to installations in the continental United States and Canada. Purchasers of Blazeguard Fire-Rated Roof Sheathing Panels from Barrier Technology Corporation automatically receive this warranty.

Barrier's sole responsibility is as stated herein. Barrier is not liable for incidental, indirect or consequential damages. Barrier makes no other warranty, express or implied, including warranty of merchantability and fitness for a particular purpose.

Some states do not allow the exclusion of incidental or consequential damages, so the above exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This limited warranty supersedes all other warranties including the General Guarantee and Limitations defined in the General Terms of Sale.

Claims and Services

Should the product not comply with this warranty, Barrier Technology Corporation will replace the product at Barrier Technology Corporation's cost including reasonable costs of labor and finish materials. Warranty coverage as stated herein is void unless claims are reported in writing within one year from date of discovery, and reasonable access and opportunity for inspection are provided to Barrier Technology Corporation or its representatives. Claims should be forwarded to Barrier Technology Corporation at the address shown below.
